

Draft FIPS 201-2 Workshop

1) Purpose:

NIST is hosting a public workshop to exchange information on the Draft Federal Information Processing Standards (FIPS) 201-2. The workshop is designed to exchange information on Draft FIPS 201-2, and to answer questions and provide clarifications regarding the Draft. Federal Agencies and industry representatives are invited to discuss the Draft FIPS 201-2 and share their observations on the proposed FIPS 201-2.

2) Workshop Program:

Time	Topic/Event	Speaker/Comments
Day 1: Monday, April 18, 2011		
8:00 – 9:00 am	Arrival Check-in and Security	NIST Security
9:00 – 9:10 am	Host Introduction	Hildegard Ferraiolo, NIST
9:10 – 9:30 am	NIST Welcome	James Dray, NIST
9:30 – 10:15 am	Overview (Goals of the workshop, purpose of the revision, overall revision process, summary of proposed changes)	Hildegard Ferraiolo, NIST
10:15 – 10:30 am	Break	
10:30 – 11:30 am	Identity Proofing and Registration (OPM Springer memo, source documents, chain-of-trust, Central Verification System)	William MacGregor, NIST
11:30 – 12:30 pm	Issuance and Maintenance (Special rule for pseudonyms, grace period, name change by card-holder, re-key, post-issuance updates, verification data reset)	Ketan Mehta, Booz Allen Hamilton
12:30 – 1:30 pm	Lunch	
1:30 – 3:00 pm	PIV Biometric Specifications	Patrick Grother, NIST
3:00 – 3:15 pm	Break	
3:15 – 3:45 pm	Reader Resilience and Flexibility	William MacGregor, NIST
3:45 – 4:45 pm	Visual Card Topography	Annie Sokol, NIST
Day 2: Tuesday, April 19, 2011		
9:00 – 9:30 am	Change Management	Salvatore Francomacaro, NIST
9:30 – 9:40 am	Federal ICAM Sub-Committee Plan for FIPS 201-2 Revision Recommendations	Tim Baldrige, NASA
9:40 – 9:50 am	OMB Policy	Salvatore Francomacaro, NIST
9:50 – 10:15 am	PIV Validation, Certification, and Accreditation	Ramaswamy Chandramouli, NIST
10:15 – 10:30 am	Break	
10:30 – 11:30 am	PIV Card Application	Hildegard Ferraiolo, NIST

11:30 – 12:30 pm	PIV Cardholder Authentication	Ketan Mehta, Booz Allen Hamilton
12:30 – 1:30 pm	Lunch	
1:30 – 2:15 pm	Secure Channel Protocol(s)	David Cooper, NIST
2:15 – 2:45 pm	FIPS 201 Evaluation Program	David Temoshok, GSA
2:45 – 3:00 pm	Break	
3:00 – 5:00 pm	Vendor / Agency Observations 3:00 - 3:10 Documents & Standards Gap, Lars Suneborn, SCA 3:15 - 3:25 Usage-Authentication and PKI, LaChelle LeVan, SCA 3:30 - 3:40 Change Managment, Gilles Lisimaque, SCA 3:45 - 3:55 Usage - Card Data, Gilles Lisimaque, SCA 4:00 - 4:10 Achieving FIPS 201 compliance, Auston Holt, atsec information security 4:15 - 4:25 FIPS 201-2 Review, Rob Zivney, SIA 4:30 - 4:40 Standards and Testing, Salvatore D'Agostino, SIA 4:45 - 4:55 PIV Card Topology, Ron Martin, HHS	Industry / Government
5:00 – 5:20 pm	Wrap-up	William MacGregor, NIST

3) Registration:

Registration prior to 5:00 P.M. April 11, 2011, is REQUIRED to attend the workshop in person. Registration for the Draft Federal Information Processing Standards (FIPS) 201-2 Workshop is available online at http://www.nist.gov/itl/csd/set/fips201_2_workshop.cfm. Please go to the Conference Registration link and complete the registration form for the Public Workshop. Contact Angela Ellis (angela.ellis@nist.gov), if you have questions regarding registration.

4) Details:

Start date: Monday, April 18, 2011 at 8:30am

End date: Tuesday, April 19, 2011 at 5:00pm

Location: Red Auditorium, NIST – Gaithersburg, MD

Audience: Industry and Government

Format: Workshop

Sponsor(s): National Institute of Standards and Technology

5) Vendor / Agency Observations

NIST will facilitate 10 minute individual presentations through which interested individuals may present their observations on Draft FIPS 201-2 revision to the group. All material presented will be made public. Individuals desiring to present their observations must contact the PIV Team (piv_comments@nist.gov) via email and provide an abstract and presentation slides by Tuesday, April 5, 2011. Please use “Draft FIPS 201-2 Workshop” in Subject line of the email. Workshop registration is required to gain entry to the NIST facilities.

6) Presentations and Documentation (available after the workshop)

7) Webcast

Participants that wish to attend "remotely" may participate using their web browser to view the webcast. Questions from remote viewers should be sent to piv_comments@nist.gov.

Instructions for the webcast will be provided at

http://www.nist.gov/itl/csd/set/fips201_2_workshop.cfm.
