

Good Morning Dr. Ross, Mr. Sedgewick and Ms. Honeycutt,

Attached, please find a response to your RFI regarding the Framework to Improve Critical Infrastructure Cybersecurity. Cybersalus partnered with Alpha Terra Engineering to develop this response. We are both Service-Disabled, Veteran-Owned Small Businesses. It is our hope that the information contained in our response is useful to NIST, and we look forward to participating on any subsequent workshops or tasks to assist NIST in solving this crucial problem. Please feel free to contact us if you have any questions about our response.

Best Regards,

Dana

Mr. Dana Shafie
