

Welcome to Workshop on Future Large CO₂ Compression Systems

FINAL AGENDA

Workshop on Future Large CO₂ Compression Systems

**Sponsored by
DOE Office of Clean Energy Systems, EPRI, and NIST**

Dates
March 30-31, 2009

March 30, 2009

- Future Market Outlook for CO₂ Compression and Sequestration
- Existing Industry Experience with CO₂ Compression
- Approaches to Improve Cost, Efficiency, Availability, and Safety

March 31, 2009

- Advanced Compressor Machinery R&D Needs
- Advanced Electric Drive Technology R&D Needs
- Identify and Prioritize R&D Needed for Future CO₂ Compressors
