Subject: NIST CSF 1.1 Feedback
To: "cyberframework@nist.gov" <cyberframework@nist.gov>

Hi –

Thank you for soliciting feedback regarding NIST CSF. Please consider the following:

-Update the "references section" cross-mappings to CIS CSC v 6.1, and update the cross-mappings to reference subcontrols numbers instead of control numbers. (i.e. – CIS CSC 1.1 instead of CSC 1)
-Include sample effectiveness measurements for each control.

Thank you.

Have a great day,
