

Friction Ridge Impressions from the Feet:

Plantar sole and toe prints

Austin Hicklin

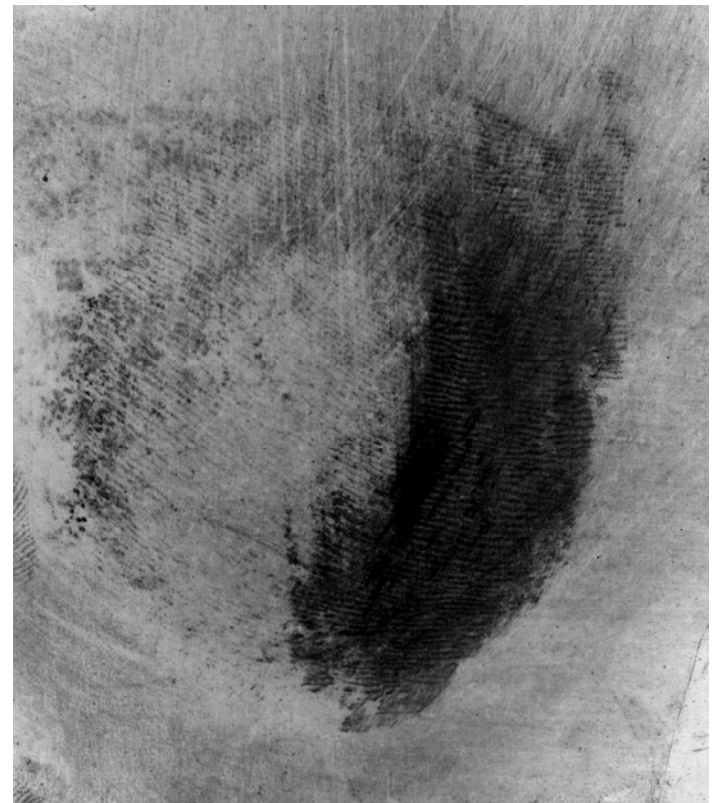

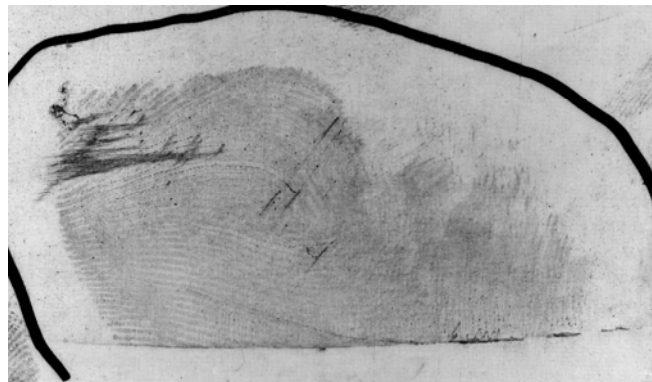

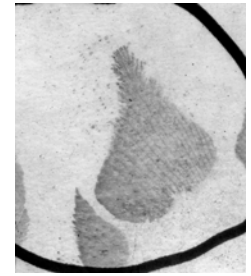

*ANSI/NIST Standard Workshop
July 2010*

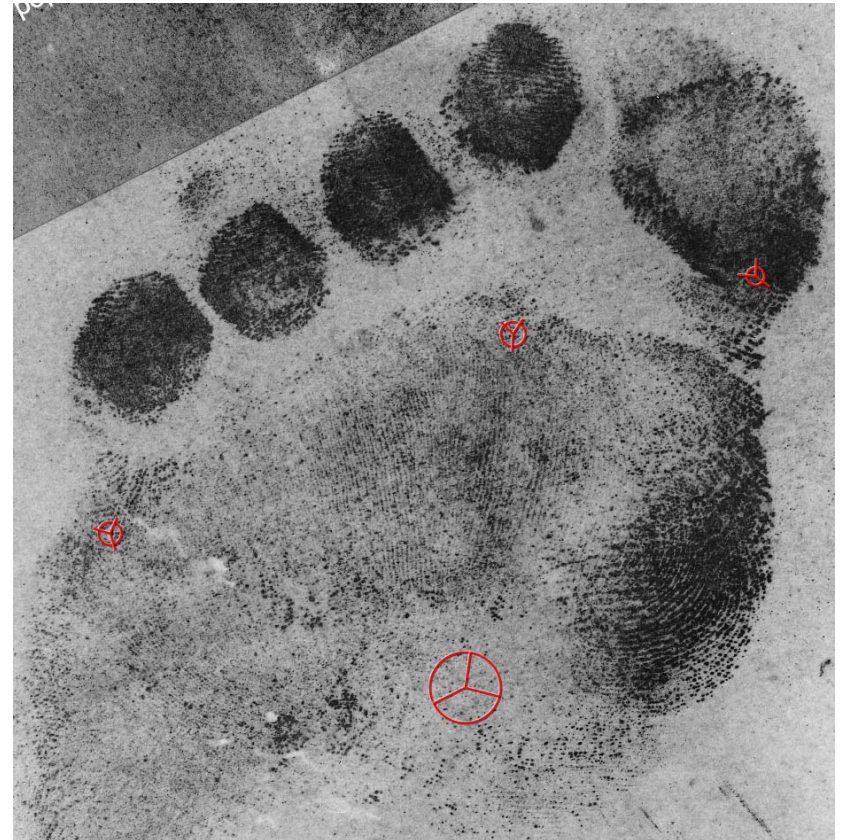

Plantar impression uses

- Not common, but are found at crime scenes
- Can be matched on ad hoc basis
- Need basis for electronic exchange

Plantar impressions in the ANSI/NIST Standard

- Proposed
 - New Type-19 record for exemplars, similar to Type-15 (Palm exemplars)
 - All latents (finger, palm, joint/tip, plantar) in Type-13
