****************** URGENT ****************** NOTICE ******************

DATE: November 9, 2007
TO: All Interested Parties
FROM: R. Michael McCabe
SUBJECT: Rescheduled Workshop for Mobile ID Work Group

I regret to inform you that the Mobile ID workshop originally scheduled for Wednesday
November 28th has been rescheduled to Thursday November 29th and apologize for any
inconveniences or hardships this postponement may cause. Although unfortunate, this
decision was unavoidable.

The reason for this change is that an extremely important Inter-Departmental planning
meeting is being held on that Wednesday in the Washington DC area. Many of the
participants in attendance at the Inter-Departmental meeting need to also be in attendance
at the Mobile ID workshop. Their ideas and viewpoints on pertinent issues need to be
presented and considered during both of these meetings. As a result, several requests to
postpone the meeting were received and the decision was made to delay the meeting by
one day.

If you have already registered for the meeting, you do not need to do so again.

Details of the Meeting:

The NIST **Mobile ID** ad-hoc work group was formed as a result of the NIST Mobile ID
workshop held last September. A meeting has been scheduled to develop a minimum set
of operational requirements for enrollment, identification, and verification functions
using Mobile ID devices. Additional topics to be addressed will include transaction
submissions to the FBI, security aspects, and network paths. The expected output of this
meeting will be a NIST Special Publication. Any issues or aspects of Mobile ID that you
would like to have discussed during the meeting and placed on the agenda should be
forwarded to me (Mike McCabe, mmccabe@idtp.com) as soon as possible.

Date: **Thursday November 29, 2007**, beginning at 9:00 am.
Time: 9:00 am - 5:00 pm
Place: NIST
               AML Building 215 Room C103-106
               100 Bureau Drive
               Gaithersburg, MD 20899
Cost: No Charge

As this meeting will be held on the NIST campus, pre-registration is **mandatory** in order
for our security unit to generate a visitor pass for each registrant.

If you plan to attend and you are:

_____ A US citizen, please reply by **Friday, November 23** with your <u>full name</u> and <u>name of your employer</u> to **cjkramar@nist.gov**
