

OSAC Registry - Standards Implementation Declaration

Declaration: This forensic science service provider (FSSP) has determined current compliance or has self-adopted, either in its entirety or partially, the following standards on the OSAC Registry in its standard operating procedures (SOP) manual(s) or quality manual. Standards may also be checked as not yet implemented, will not implement, or as not applicable. Download, complete form, save, attach to email and send to forensics@nist.gov.

- Note: Standards in **black** text are SDO published standards. Standards in **blue** text are OSAC Proposed Standards.
- Many standards on the OSAC Registry are available to the public for free from the originating Standards Development Organization (SDO). However, please be advised that some SDOs require a nominal fee to purchase their standards that are on the OSAC Registry. To learn more about how to acquire access to standards, see the [Access to Standards](#) section on the OSAC website.
