Annual Report

- Restructuring and Assignments in NIST organization (new people, etc.)
- Role of NIST in Standards (convening and facilitation) - SGIP, Cyber-Security, Health Care…)
- Advanced Mfg Effort
- Public Safety Network

Annual Report - 2

- Budget impacts
  - TIP loss (innovation, support for tail of program)
  - Bldg (CRDF) reduction [not feasible and unwise?]
  - Impact on core programs (depth?)
  - Baldrige (pipeline)
  - Unfunded mandate (cybersec ctr, NSTIC)

Annual Report - 3

- Public Safety Innovation Fund ($100M to $0)
- NIST is supply-limited; criteria for program reduction? How to approach (VCAT input needed - cut where others can do the work?)
- Potential decrease from non-NIST sources affected by budget changes?
