

## **B. Uniform Weighmaster Law**

as adopted by  
The National Conference on Weights and Measures\*

### **1. Background**

The “Model State Weighmaster Law” was first proposed by the 35<sup>th</sup> National Conference on Weights and Measures (NCWM) in 1950. It was formally adopted by the NCWM and recommended to the states in 1951.

Over the years, very few changes have been made to the Weighmaster Law until 1965. In that year, the format of the Weighmaster Law was revised to be in full accord with the Weights and Measures Law. The name was changed to “Uniform Weighmaster Law” in 1983. The law was again completely revised and updated in 1989. It was editorially revised in 1990.

It provides a registration, licensing, and enforcement program for “public weighmasters” or third-party measurers in commercial transactions.

### **2. Status of Promulgation**

See the table beginning on page 10, Section II. Uniformity of Laws and Regulations of Handbook 130, *Uniform Laws and Regulations in the Areas of Legal Metrology and Fuel Quality*, for the status of adoption of the Uniform Weighmaster Law.

*\*The National Conference on Weights and Measures (NCWM) is supported by the National Institute of Standards and Technology (NIST) in partial implementation of its statutory responsibility for “cooperation with the states in securing uniformity in weights and measures laws and methods of inspection.”*
