

	DEPARTMENT OF COMMERCE National Institute of Standards and Technology National Voluntary Laboratory Accreditation Program	ISSUE DATE: March 14, 2024
	LAB BULLETIN	NUMBER: LB-155-2024
		LAP: ECT
SUBJECT: Revision of Handbook 150-11A Checklist, <i>ECT: FCC Equipment Authorization Requirements for Recognition</i>		

The purpose of this bulletin is to notify laboratories of the revision of the Handbook 150-11A program specific checklist, *ECT: FCC Equipment Authorization Requirements for Recognition*, based on the KDB 974614 FCC Technical Assessment Evaluation Checklist – March 2, 2018 and Testing Laboratory Scope of Accreditation of the FCC Accredited Testing Laboratory Program Roles and Responsibilities – August 7, 2023, Appendix A, Table A1.

Notice

The Handbook 150-11A program specific checklist, *ECT: FCC Equipment Authorization Requirements for Recognition*, based on the FCC Technical Assessment Evaluation Checklist – March 2, 2018 and Testing Laboratory Scope of Accreditation of the FCC Accredited Testing Laboratory Program Roles and Responsibilities – August 7, 2023, Appendix A, Table A1, was revised on March 14, 2024.

The primary changes are related to Table 1, *Technology in support of FCC Certification approval procedures*, and include the addition of ANSI C63.10-2013 in the Test Methods column for U-NII with DFS Intentional Radiators (FCC Part 15 Subpart E). Another change is the addition of note [4] related to the U-NII AFC devices. There are also editorial changes to some of the test method designations in Table 1. There are no technical changes in the content of the checklist or Table 1.

Use of this checklist is effective immediately, and supersedes the previous version dated January 14, 2020. The current checklist can be found in the NVLAP Portal at <https://www.nist.gov/nvlap/electromagnetic-compatibility-and-telecommunications-lap>.
