	LAB BULLETIN	NUMBER: LB-156-2024
		LAP: ALL
SUBJECT: Relocation of the NIST Handbook 150-xx program-specific checklists to the NVLAP Interactive Web System (NIWS) Lab Portal		

The purpose of this bulletin is to notify laboratories of the change made to the NVLAP website, in which the NIST Handbook 150-xx program-specific checklists have been moved to the NIWS Lab Portal. The program-specific checklists correspond to the requirements outlined in the NIST Handbook 150-xx series and are used by the assessors to provide comparable assessments at each laboratory.

The NVLAP website will continue to maintain the current versions of the NIST Handbook 150-xx program-specific handbooks.

The NIST Handbook 150-xx checklists are now accessible to the laboratories in the NIWS Lab Portal in the Documents Library under the Search Documents tab.

To obtain a checklist, choose the desired program(s) in the Search Criteria box and select Search Documents. The checklist(s) pertaining to the selected program(s) will appear under the Search Results.

These program-specific checklists can also be bookmarked, which will make them available in the My Bookmarks tab.

If you have any questions, please contact your program manager.
