# The NICE Framework at Work: Use Cases from Industry

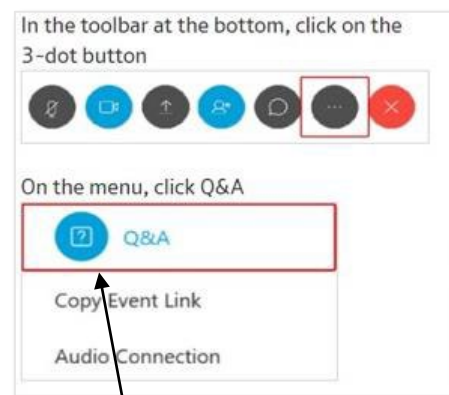

March 16, 2022

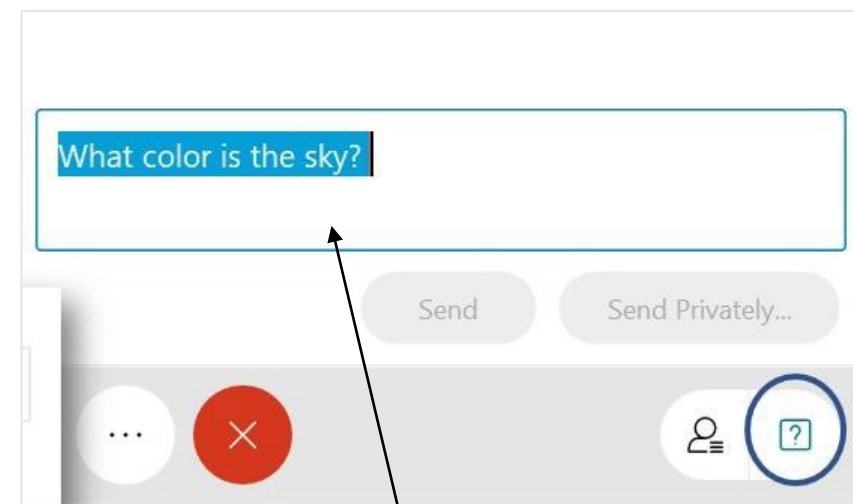

*This webinar is being recorded*

# Welcome!

- Please use the Q&A window to enter your questions
- We will do our best to answer the questions in real time and will post responses to those we didn't have time to cover

1. To open the Q&A panel, click on the ellipses at the bottom of the screen for 'More Panels' and click on Q&A.

2. Type your question in the text box and click Send

# The NICE Framework at Work— Use Cases from Industry

## Panelists

---

**Daniel Eliot**  
NCCoE  
(moderator)

**Karen Wetzel**  
NICE

**Chelsea Smethurst**  
Microsoft

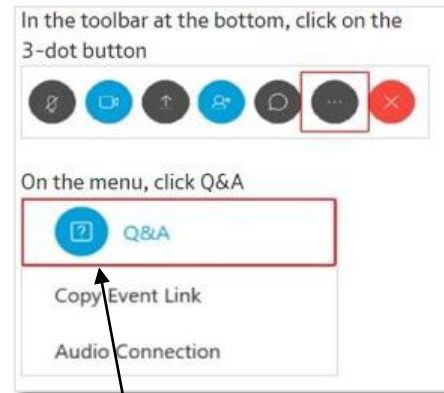

**Rebecca Chisolm**  
Cisco

May 24, 3:00-3:30: LNG CSF Profile

## Webinars on Demand

### February 2022: A Look at the Cybersecurity Framework: Where We've Been, Where We Are, and Where We're Going

In celebration of Data Privacy Week, this fireside chat will examine the evolution of the CSF, success stories, latest updates, and plans for advancement.

[Watch Now](#)

### January 2022: Managing Privacy Risks with the NIST Privacy Framework

Join the National Cybersecurity Center of Excellence (NCCoE) to celebrate Data Privacy Week 2022. On Thursday, January 27 at 3 p.m. EST we will host a fireside chat to explore the NIST Privacy Framework.

[Watch Now](#)

### December 2021: Securing the Industrial Internet of Things: Cybersecurity for Distributed Energy Resources

Industrial Internet of Things (IIoT) devices at the grid edge are increasing rapidly and transforming the power grid. Their connectivity, the conduit through which they can become vulnerable, is an emerging cyber threat to the distribution grid.

[Watch Now](#)

### November 2021: A Powerful Collaboration—How the University of Maryland and NCCoE are Addressing Cybersecurity for the Energy Sector

Learn how the NCCoE and University of Maryland are collaborating on cybersecurity to help utilities and operators of critical energy infrastructure protect the complex IT and OT systems that power our economy.

[Watch Now](#)

### October 2021: Rethinking Pathways Into Cybersecurity and Privacy Careers

Meet four NIST professionals and learn how they got into cybersecurity and privacy, the challenges and rewards along the way, and advice for a successful career.

[Watch Now](#)

### September 2021: Federal Government Perspectives on Managing Supply Chain Cybersecurity Risks to Computing Devices

The NCCoE explores how and why attackers are targeting computing device supply chains and how organizations can manage this complex challenge.
