In/Out of Scope

NIST' HSPD-12 responsibility:

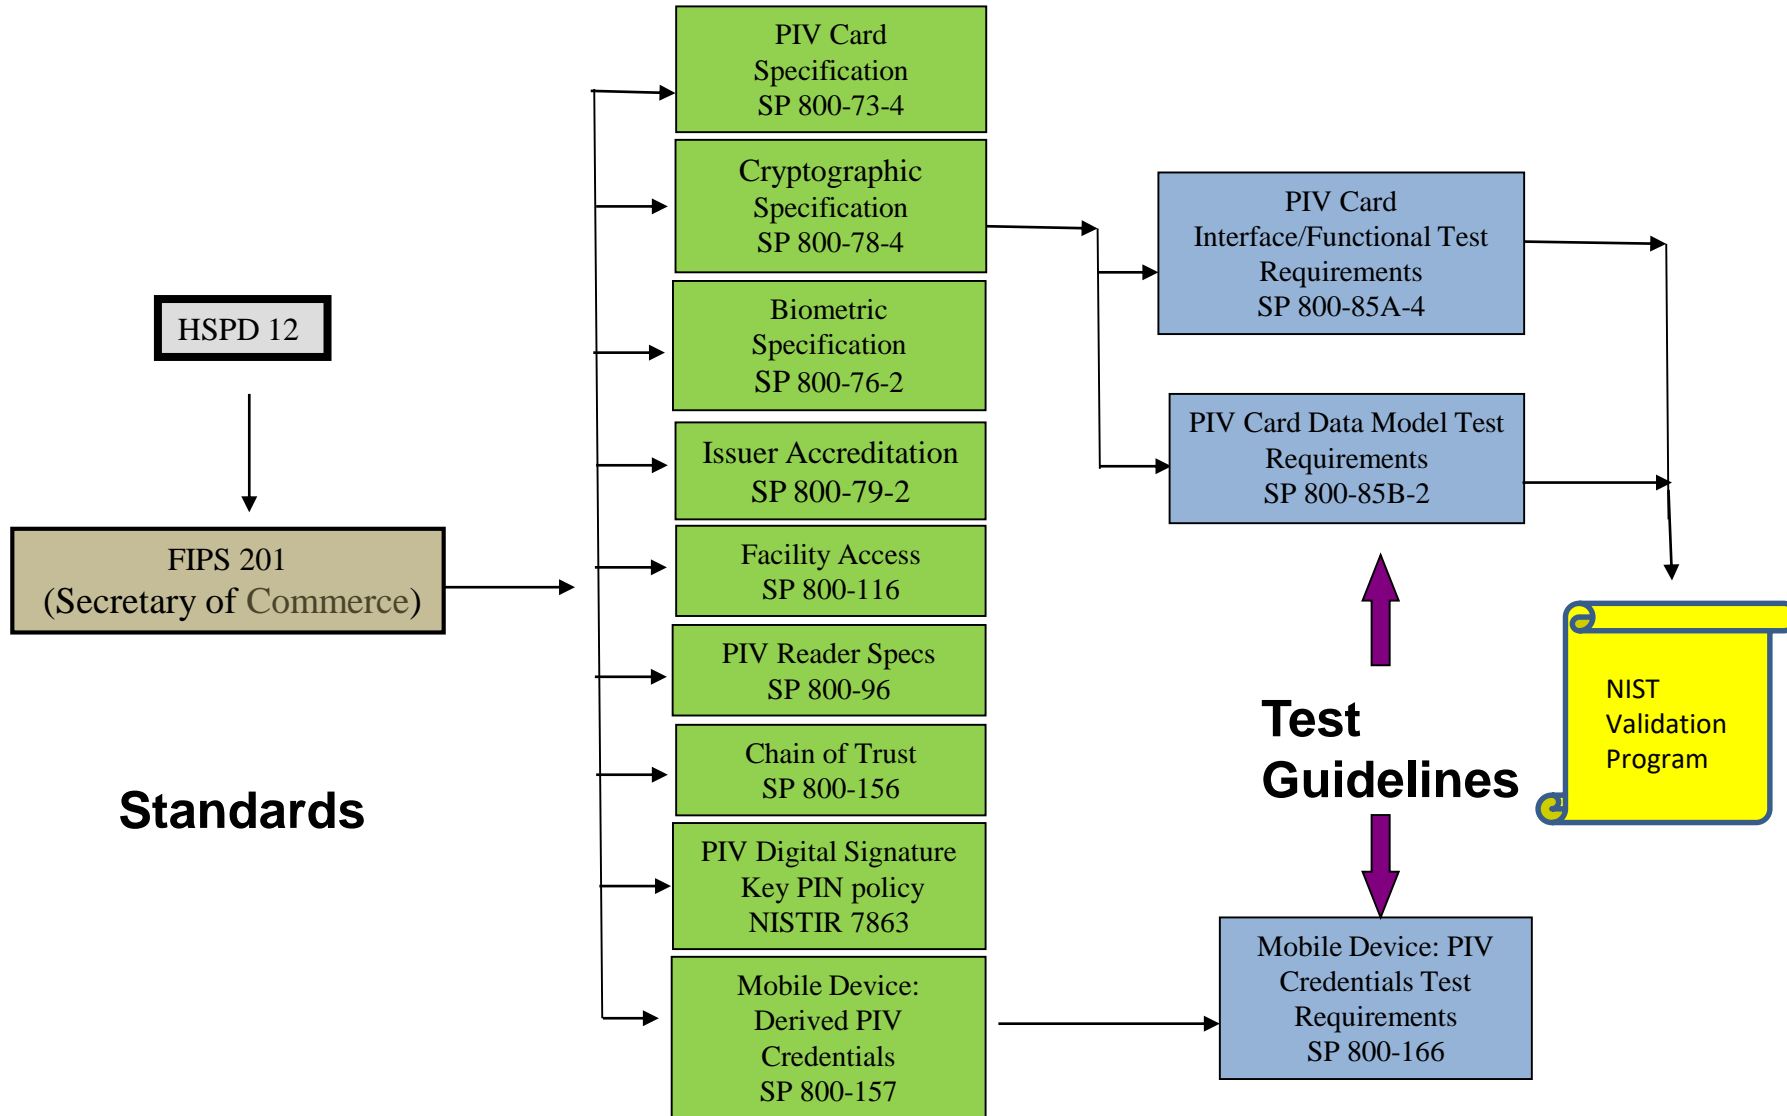

“established the requirements for a common identification standard for identity credentials issued by Federal departments and agencies to Federal employees and contractors (including contractor employees) for gaining physical access to Federally controlled facilities and logical access to Federally controlled information systems.” HSPD-12

- Out of scope: Everything else
 - E.g., authorization, access control policies, other types of authenticators (PIV-I, CIV), temporary cards

FIPS 201 and Supporting Documents

- Top-Down Approach
 - HSPD-12 -> FIPS 201 -> SPs
- FIPS specifies high level processes and requirements to satisfy HSPD-12
 - Supporting Special Publications (SP) detail the technical ‘how-to’
