

Two options are available for printing these stickers. Both options are equivalent and only **one** set need be downloaded.

They may all be printed on pre-cut 8" circular sticker sheets to simplify purchasing. This allows all of the stickers to be printed on the one type of sticker sheet but some will need to be trimmed after printing. Instructions and trim lines are marked on the relevant pages.

Alternatively, the round stickers may be printed on pre-cut 8" circular sticker sheets while the rectangular stickers are printed four-to-a-sheet. These will not need to be trimmed, however it is necessary to purchase and track two different types of sticker sheets.
