Hi,

Sorry, I wish I had more time to help and give better examples, and give more formal answers.

So here an hour of work of information put together, did at lunch time.

PDF of the patent.

PDF simple explanation and usage and result.

Letter to the NIST.

Fully working systems, protected by crypto circle 100% Encrypted Password less OS, "Zero Trust Architecture" downloadable via request, using Virtual Box, exportable to VHD can be imported into Azure, AWS, Google, Oracle, cloud system. Runs on Raspberry PI zero, and or desktop, and cellphone. Feel free to request a password to watch the video.

If you have any questions, please don't hesitate to ask.

My best regards,
