Appropriations, 2004	\$6,343,000
Budget estimate, 2005	8,294,000
Committee recommendation	6,407,000

The Committee recommends an appropriation of \$6,407,000. The recommendation is \$64,000 above the fiscal year 2004 funding level and \$1,887,000 below the budget request. The recommendation does not provide funding for the Interagency Global Positioning System Executive Board Secretariat or the Office of Space Commercialization because the Committee recommendation includes funding for these offices under the National Oceanic and Atmospheric Administration where similar activities relating to their mission are funded.
