Report 3

Medicolegal Autopsy Facilities in the United States May 26, 2011

Committee Members at the time of this report:

Randy Hanzlick (Chair)

Barbara Butcher

Marcella Fierro

Julie Howe

Donald Jason

Lindsey Thomas

Greg Wyatt

Introduction

In March 2011, an online survey form was developed to collect information about the facilities in the United States in which official medicolegal autopsies are conducted for the nation's medical examiner and coroner systems. The survey collected information about the names, locations, and types of facilities, as well as general information about the condition of the facilities. Email notification of the survey was sent multiple times to members of the National Association of Medical Examiners (NAME), members of the International Association of Coroners and Medical Examiner (IACME), and Diplomats and Certificants of the American Board of Medicolegal Investigators (ABMDI).

What's included in this report?

- Information from places routinely used by medical examiners and coroners for the purpose of conducting official medicolegal autopsies, whether they be funeral homes, dedicated free-standing facilities, hospital autopsy units, or units within crime labs, law enforcement agencies, or other settings located in the United States including Puerto Rico.
- Military hospitals frequently used by personnel of the Armed Forces Medical Examiner System (AFMES)

What's not included in this report?

- Veteran's hospitals which are occasionally used by the AFMES
- Facilities in which only private, non-official forensic autopsies are performed
- Facilities which exist but did not get reported by survey responders.
- Facilities outside of the United States

Results

324 facilities were identified as follows:

Free standing	151 (48%)
Hospital autopsy facility	105 (32%)
Funeral home	15 (5%)
Within a crime lab facility	12 (4%)
Within law enforcement facility	8 (3%)
Other setting	24 (7%)
Not specified	9

“Other setting” includes a variety of facilities such as re-modeled army barracks, renovated warehouse, basement of judicial building, within a medical facility but not a hospital autopsy area, and several other situations. See list for further details.

272 (87%) of the facilities reported postmortem exam case load data (externals plus autopsies). The total number of annual exams reported was 224,349. That number suggests fairly complete data reporting of facilities as the number of exams approaches 10% of the approximately 2.5 million deaths in the United States annually, and it is commonly accepted that about 20% of deaths should

come to the attention of a medical examiner/coroner and about half of those require postmortem examination.

In terms of facility condition, the responses were as follows:

More than adequate and needs no renovation or new or additional equipment	54 (17%)
Adequate and needs no renovation or new or additional equipment	55 (17%)
	109 (34%)
Adequate but needs some renovation or new or additional equipment	124 (40%)
Less than adequate and needs some renovation or new or additional equipment	24 (8%)
	148 (48%)
Inadequate and needs major overhaul and new or additional equipment	12 (4%)
Totally inadequate and needs to be replaced with a new facility and equipment	11 (4%)
	23 (8%)
No response	44

Thus, 148 facilities (48%) are in need of some renovation or equipment, while 23 (8%) additional facilities report more serious needs. Overall, 171 (55%) have some sort of improvement need.

In terms of planning for a new facility within the next 5 years:

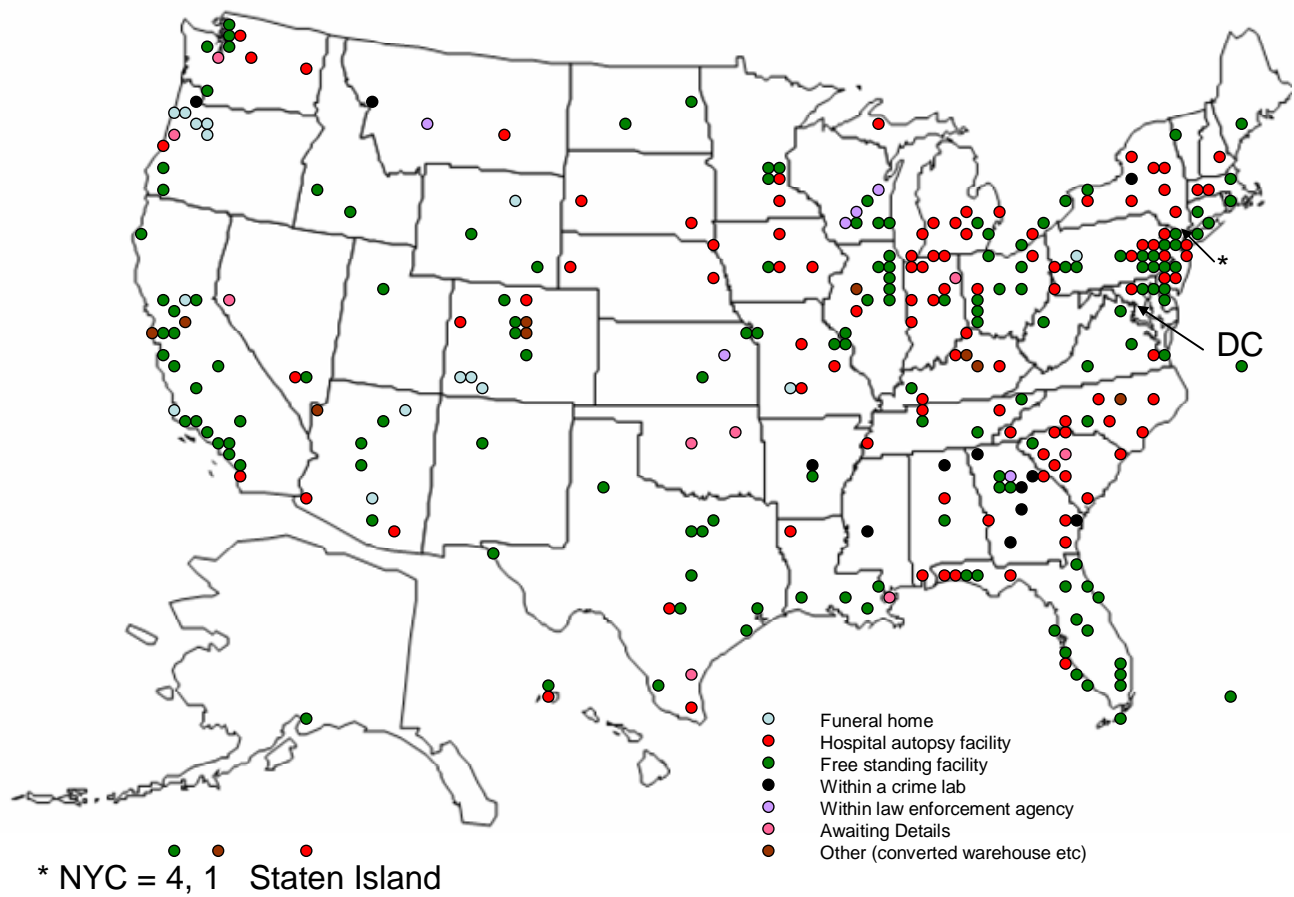

No current plans	204 (65%)
Plans in progress	31 (10%)
Possibly	35 (11%)
No response	54

On the following pages, the items below appear.

- Dot map of locations of facilities in the US (Page 4)
- List of facilities arranged alphabetically by state (Page 5)
- Facilities which report a major need for renovation or equipment (Page 14)
- Facilities which report some, but not major need for renovation or equipment (Page 17)
- New facilities in planning or possible in the next 5 years (Page 22)
- Reported annual postmortem examination load at each facility (Page 25)

NOTE: This report is considered “final.” If information is subsequently provided on additional facilities, a separate addendum report will be prepared and the dot map from this report will be updated and carried into the addendum report, along with other relevant information for each newly reported facility.

Dot Map showing general location and type of medicolegal autopsy facilities in the US.

List of facilities arranged alphabetically by state:

Autopsy Facilities in the US: 2011			
Facility Name	City	State	Facility Type
Alaska State Medical Examiner	Anchorage	AK	Free standing facility
Alabama DOFS-Montgomery	Montgomery	AL	Free standing facility
Blount County Coroner's Office	Oneonta	AL	Within crime lab
Mobile Medical Examiners Office	Mobile	AL	Within a crime laboratory
Jefferson County Coroner/Medical Examiner Office	Birmingham	AL	Hospital autopsy facility
Alabama DOFS-Huntsville	Huntsville	AL	Within crime lab
Pulaski County Coroner Office	Little Rock	AR	Free standing facility
Forensic Autopsy and Consulting Services	North Little Rock	AR	Free standing facility
Arkansas State Crime Laboratory	Little Rock	AR	Within crime lab
Yavapai County Medical Examiner	Prescott	AZ	Free standing facility
Silvercreek Mortuary	Taylor	AZ	Funeral home
Maricopa County Forensic Science Center	Phoenix	AZ	Free standing facility
Funeral Home used by Pinal County	Florence	AZ	Funeral Home
Pima County Office of the Medical Examiner	Tucson	AZ	Free standing facility
Hospital used by Cochise County	Sierra Vista	AZ	Hospital autopsy facility
Yuma Regional Medical Center	Yuma	AZ	Hospital autopsy facility
Mohave County Medical Examiners Office	Lake Havasu City	AZ	Other> Converted warehouse
Coconino County Medical Examiners Office	Flagstaff	AZ	Free standing facility
San Diego County Medical Examiner's Office	San Diego	CA	Free standing facility
Tulare County Morgue	Tulare	CA	Free standing facility
Humboldt Co. Coroner's Office	Eureka	CA	Free standing facility
Monterey County Coroner Facility	Salinas	CA	Free standing facility
Ullrey's Memorial Chapel	Yuba City	CA	Funeral home
Yolo County Morgue/Yolo County Sheriff's Office	Woodland	CA	Free standing facility
Office of the Chief Medical Examiner	San Francisco	CA	Other> Basement of justice building
Coroner Division, Sheriff Department	San Bernardino	CA	Free standing facility
Solano County Sheriff Coroner	Fairfield	CA	Within a law enforcement facility
Los Osos Valley Mortuary	Los Osos	CA	Funeral home
AFMES-Naval Medical Center San Diego	San Diego	CA	Hospital autopsy facility
Santa Barbara County Coroner Bureau	Santa Barbara	CA	Free standing facility
Placer County Morgue	Auburn	CA	Other> Converted army barrack
Ventura County Medical Examiner Office	Ventura	CA	Free standing facility
Santa Clara Medical Examiner-Coroner Office	San Jose	CA	Free standing facility
Los Angeles County Medical Examiner/Coroner	Los Angeles	CA	Free standing facility
Orange County Coroner's Office	Santa Ana	CA	Free standing facility
Santa Barbara County Morgue	Golita	CA	Free standing facility
Kings County Sheriff/Coroner's Office	Hanford	CA	Within law enf facility
Alameda County Sheriff's Office - Coroner's	Oakland	CA	Free standing facility

Autopsy Facilities in the US: 2011

Facility Name	City	State	Facility Type
Bureau			
Kern County Sheriff Office Coroner Division	Bakersfield	CA	Free standing facility
Riverside County Sheriff Coroner	Riverside	CA	Free standing facility
Stanislaus County Coroner's Office	Modesto	CA	Free standing facility
Merced County Coroner's Office	Merced	CA	Other> Previous service garage
Sacramento County Coroner's Office	Sacramento	CA	Free standing facility
White Family Funeral Home	Pagosa Springs	CO	Funeral home
Ertel Funeral Home	Cortez	CO	Funeral home
