

NIST CSF 2.0

NEWS & UPDATES

WHAT'S NEW. WHAT'S COMING.

It's Cybersecurity Awareness Month and we're celebrating by sharing NIST Cybersecurity Framework (CSF) updates! Since the launch of the CSF 2.0 in February, 2024, a lot has been happening...

[QUICK START GUIDES \(QSG\)](#)

We've released three new final versions of QSGs to help you with specific topics and understanding the basics.

[NEW TRANSITION SPREADSHEET](#)

Use our Category and Subcategory transition explanations from CSF 1.1 to CSF 2.0.

[MORE TRANSLATIONS](#)

The CSF has been translated into several different languages (with more to come).

[UPDATED FAQs](#)

Learn the answers to the most common questions being asked about the CSF.

[NEW VIDEOS](#)

Learn the basics, see clips from our experts, and see our new CSF overview video.

[EVENTS & ANNOUNCEMENTS](#)

See the latest CSF updates and find out what events we have coming up.
